

# AULIKA EVO

## Description

Aulika Evo Top HSC is a perfect blend of modern, sophisticated design and sturdy, reliable technology.

The proven professional technical solutions of the Aulika range have been integrated by a new capacitive interface with backlit photo icons that offers a wide range of direct-to-cup beverages. Additionally, the Aulika Evo Top HSC dispenser has been equipped with blue and white LED lights that turn on and off following the beverage preparation phases, providing a touch of elegance and sophistication.

Finally the double hydraulic circuit, the large capacity water and coffee tanks and the presence of functions such as the High-Speed Cappuccino, that reduces the time required for the preparation of milk-based beverages, ensure a reliable performance also in high daily consumption locations.

Cleaning and maintaining the Aulika Evo Top HSC machine is easy, thanks to the presence of a complete set of Maintenance Accessories supplied with the machine, including a water filter, lubricating grease, cleaning powder for the milk circuit and cleaning tablets for the brewing unit.

Aulika Evo Top HSC is the new Saeco machine that satisfies the requirements of coffee professionals outside the home

## Main characteristics

- Backlit capacitive interface
- Photorealistic beverage icons
- Dispenser bay lit by LED lights
- High-Speed Cappuccino function: simultaneous coffee and foamed milk dispensing
